Telephone: Brighton (OBR 3) 61334 (4 lines) Telegrams: Machtool, Brighton

INDEX TO MACHINERY

A

Page

AAF collectors for removing oil mist. Use of 1010
ABS. Stamping shallow parts from .. 566
AKU-General Electric Polychemie N.V.: Noryl engineering thermoplastics resin 607
AMF Thermatool, Inc.: Dual-metal trim and mouldings .. 617
Equipment for production of structural beams by high-frequency welding 632
High-frequency strip welding station of an automated installation 407
A.P.V.-Paramount, Ltd.: Centrifugally cast tube used as machining stock 458
A.R.O. Machinery Co., Ltd.: Spot welding gun fitted to Versatran industrial robot set up for welding parts for electric cookers 833
Type F 225 portable spot welding gun 751
A/S Dansk Pressefabrik: 20-ton DPF C-frame eccentric press 858
A.T.A. (Grinding Processes), Ltd.: Pneumatic angle grinders 628
AUTOPROG-System. Principles and application of the 581
Aachen Technische Hochschule: Automatic programming for NC lathes with EXAPT 2 215
Abbot & Lucas, Ltd.: Elliptically-turned parts for moulds, tools and fixtures 769
Abrasive belt grinder. Retaph Retabelt portable 712
Abrasive belt grinder. Turner Oscimatic Linisher 629
Abrasive-belt grinding and polishing machine. A versatile 854
Abrasive. Borazon, Results of tests with 859
Abrasive machining of tensile test pieces 657
Abrasive. New Man-Made diamond 587
Abrasive-wheel cutting-off machine. D.G.S. 109
Abrasive wheels. How coolants affect the performance of resin-bonded .. 812
Ac to dc converter, Oerlikon, for arc welding applications 555
Accles & Pollock, Ltd.: "Energy-absorbing" tubes 1021
Accumulator, Greer-Mercier hydro-pneumatic, on Rowland friction welder 436
Accumulator incorporated in lathe conversion unit 235
Acheson Colloids Co.: Dag 709 lubricant applied to ejector seat mechanism 300
Dagstrip 10 pattern release coating 112
Aciera production drilling machine with co-ordinate positioning table .. 18
Acramatic 5 – new Cincinnati NC system 756

Acramizer system of adaptive control, Demonstration of, on Cincinnati 30-by 60-in. NC bridge-type profile milling machine 225
Actuated Controls, Ltd.: Differential pressure switch .. 48
Actuator. Telektron pneumatic rotary 755

Actuator. Type KRP3 miniature pneumatic rotary 694
Actuators. Carter rotary 551
Actuators for clamping and positioning. Electro-mechanical 1022
Adam Machine Equipment, Ltd. .. 18
Adams & Bros. & Burnley, Ltd. Activities of the company 308
Adaptation systems for press brakes with Erwin Sick guards 912

Page

Adaptive control, Demonstration of Acramizer system of, on Cincinnati 30- by 60-in. NC profile milling machine 225
Adaptive control milling operations. A self-contained spindle unit for .. 378
Adaptive control. Naumberg single-spindle honing machines with 631
Adaptive control. The possibilities of retrofitting 161, 316, 398
Adaptive control system and Sinumerik 320 NC equipment, Siemens, demonstrated on Gildemeister automatic turret lathe 223
Adcock & Shipley, Ltd.: Adcock & Shipley-Bridgeport NC vertical milling machine .. 819
Application of A. & S.-Bridgeport heads to special-purpose machines .. 969
New parts and accessories depot 198
Plans for development in the 70's 634
Type 2E milling machine prices reduced 476
Adige-Sala Ciclomatic LL cutting-off-machine with new type of loading equipment 744
Admiralty Surface Weapons Establishment.: Arc-generating attachment for milling machines and lathes 488
Advance Industrial Electronics, Ltd.: Type RC 6000 counters 698
Advanced Flame Hardening Co., U.S.A. 197
Air bearing belt support on abrasive-belt and polishing machine 856
Air cleaning and coolant filtration. New equipment for 900
Air. compressed, System designed to permit more economical use of .. 34
Air compressor works. Lacy-Hulbert, NC machining operations at the .. 553
Air-conditioned workshop for high-precision operations 530
Air conditioning compressor crankcases. Snyder transfer machine for operations on 257
Air-cushion handling equipment. Omni-directional 957
Air cylinders. Larger Schrader .. 697
Air filtering units for use with fluidic systems. North American Rockwell 991
Air filtration units. DCE Drytube Mk 2 sleeve type 901
Air flotation system on Fortuna-Werke universal cylindrical grinder. Finilift 501
Air-hydraulic intensifier. Spencer Franklin Zoomatic 627
Air-hydraulic press. Syxto 6-ton .. 555
Air-hydraulic units. Automatic operation of machines by 322
Air-line equipment. Kay Teknova .. 547
Air-operated portable saw. Atlas Copco MHS 20 703
Air-operated riveting machine. Brewer type P18/C6 711
Air-operated spot/stitch welding machine. Meritus type A.S.30, A.2 30
Air-operated threading machine, Bamkin single-ended, after 2½ years of uninterrupted service 199
Air pressure regulators 548
Air tool. New Morrisflex/Grasso .. 59
Aircraft components. Savings effected by NC machining of 283
Airframe parts for the Concorde. NC machining of 282
Airless spray unit. New Binks-Bullows 857
Airveyor air-tube conveyor system 5E Aug. 20

Page

Ajax Machine Tool Co., Ltd.: AJ. 10 pendulum milling machine 853
AJ. 9 Uni-Matic production milling machine 852
Alcan Works, Rogerstone. Aluminium strip tension levelling line at the 670
Aldridge Tool & Engineering Co. Ltd.: Machine Tool Divn.: First contour grinding machine .. 475
Alfena, Inc.: Roller worm speed reduction unit 456
Alignment and auto-collimation telescopic units. Carl Zeiss Jena optical-electronic 616
Alkali degreasing on a production line basis 181
Allied International Co., Ltd.: Type 315 conveyor-type spray etching machine for chemical machining and other exhibits at International Sheet Metal Exhibition 27
Almco Supersheen Divn. of Gt. Britain, Ltd.: VT. 160-S Thru-Feed vibratory finishing machine 942
Aluminium-alloy die castings. Design of 193
Aluminium extrusions. Midalinox stainless steel clad 38
Aluminium extrusions. The widening field of application for 362
Aluminium foil tape. Klingfast self-adhesive 651
Aluminium. High finish on diamond-turned 932
Aluminium. Hot-chamber die casting of 509
Aluminium rolling mills at Falkirk .. 271

Aluminium silicate fibre material for furnace linings. Triton Kaowool 1048
Aluminium strip tension levelling line at Rogerstone 670
Aluminium tubes. Luminous Wall oven for annealing 774
Aluminium, welding, to steel. Use of transition inserts for 153
Amada type 300 bandsawing machine. Japanese-built 908

American Air Filter (Gt. Britain), Ltd.: Collectors for removing oil mist 1010
Amplifier. Maxam Maxalog 4-input planar turbulence 986
Analogikit analogue teaching system 890
Analogue teaching system. Analogikit 890

Analysis. value, Savings from the use of 682
Andrews, Harold, Ltd.: Machining cylinder liners on Heinemann lathes 541
Angle divider, Small, for the Moore 1440 indexing table 340
Angle grinders. ATA pneumatic .. 628

Angular measurement. System for accurate 23
Annealing aluminium tubes. Luminous Wall oven for 774
Ansco-Dex 4-spindle drilling head .. 894

Anthony Bearings Pty., Ltd.: Unground ball and roller bearings 671
Anti-friction suspension arrangement. Rolamite – a new 385

Applied Chemicals, Ltd.: Alkali degreasing on a production line basis 181
Supa-Dri oil and grease absorbent 293

Aquacent fire-resistant hydraulic fluid 494
Arc-generating attachment for milling machines and lathes 488

Page

Ardrox, Ltd.:
Ardrox 3961 water displacing and corrosion preventive fluid 726
Electrostatic equipment for treating work for flaw detection 811, 5E Dec. 17
Armstrong Patents Co., Ltd.:
Handling equipment for threaded inserts 834
Arrestor, press brake, Powerful Udal 459
Arrol, Sir William:
Installation of Hugh Smith heavy duty Edgemill plate edge milling machine 716
Arrowsmith Tool & Mfg. Co.:
Machine for high-speed forming of cylindrical sheet metal parts .. 993
Ash & Lacy Group developments .. 995
Ash Machinery Sales, Ltd.:
Exhibits at Midlands Engineering Exhibition 111
Assembling body shells for the Austin Maxi car 962
Assembling golf ball markers. Gilman-Fraser Indexomatic rotary table machine for 556, 829
Assembly and Fastener Engineering Exhibition 828
Assembly equipment. Micromatic automatic gauging and 970
Assembly for a television tube. Minitran units for positioning and spot welding component parts for the production of composite 500
Assembly machine. Gilman-Fraser Indexomatic automatic 556, 829
Assembly machines. Badelex linear indexing and rotary indexing chassis for building up 831
Assembly machines. Vaun-Bodine in-line modular and rotary transfer type automatic 828
Assembly of spoked wheels. Automated 535
Assembly of threaded bush to a sheet metal part by the Prestincert system 26
Assembly operations on spider components for motor vehicle transmission systems. Renault transfer line for automatic 588
Assembly units. Wickman standard automatic 294
Associated British Machine Tool Makers, Ltd.: 944, 1011
Associated Industrial Consultants, Ltd.:
Halving maintenance costs with the MTM-2 maintenance data system 49
Installation of computerized stock control system at Linread 235
Astra type IMM 135 A TM drilling and tapping machine 626
Atlas Copco (Gt. Britain), Ltd.:
MRS 20 air-operated portable saw 703
Attachment, Simple differential, for profile milling 150
Attewell Engineering Co., Ltd.:
Devonshire adjustable drill jig .. 111
Austin Maxi car. Assembling body shells for the 962
Auto-collimation telescopic units. Carl Zeiss Jena optical-electronic alignment and 616
"Auto-stack building". Japanese .. 956
Autoforge casting/forging process .. 249, 8E Oct. 15
Automated assembly of spoked wheels 535
Automated die casting machines. Applications of Kippcaster 862
Automated, fully-, broaching machine. Lapointe 2-way electro-mechanical 118
Automated heat treatment at the works of Edward Pryor & Son 808
Automated inspection equipment. Thorn Bendix 983
Automated inspection for defects and dimensions. SIRA conference on 88, 1054
Automated plant for the production of tubular forgings, Installation of G.F.M. highly, at Tubes Ltd. 734
Automated work progress system for batch production 522

Page

Automatic assembly machine. Badelex 831
Automatic assembly equipment for motor vehicles 964
Automatic assembly machine. Gilman-Fraser Indexomatic 556, 829
Automatic assembly machines. Vaun-Bodine in-line modular and rotary transfer type 828
Automatic assembly operations on spider components for vehicle transmission systems. Renault transfer line for 588
Automatic assembly units. Wickman standard 294
Automatic bar feeding. Production increases obtained with 992
Automatic. Brown & Sharpe No. 2B single-spindle, Duplomatic hydraulic copy-turning attachment for 301
Automatic bush insertion. Equipment for 357
Automatic camshaft grinder. Schaudt type ACM500 173
Automatic chucking lathe. Weston Williams 943
Automatic. Cone 12-in. PD3 chucking 578
Automatic. Convermatic RF16 .. 818
Automatic cut-to-length line. Bronx fully- 24
Automatic-cycle chucking lathe. Kummer type 3-50 high-precision 227
Automatic-cycle lathe. Ferreirinha type KU .. .. .. 307, 5E Sept. 17
Automatic-cycle machine for electrolytic grinding of tungsten-carbide throw-away tips. Wendt 503
Automatic. Demonstration of Index type ER 955
Automatic die casting. Mechanizing insert location for 351, 506
Automatic drilling fixtures with fluidic control 293
Automatic folding machine. Besco-Autofold type 100/125 35
Automatic gauging and assembly equipment. Micromatic 970
Automatic gauging unit with fluid controls 1027
Automatic hack-sawing machine. Stolzer Kasto type UBS 180A fully 15
Automatic. Herbert-BSA Batchmatic 50 NC bar, Set-up on 172
Automatic high-speed tube cutting machine. Horoma type JU-R-EHVM fully .. 340
Automatic horizontal bandsawing machine. Startrite-Metora type VMB 250 .. 427
Automatic horizontal bandsawing machine. Wespa type 260A 58
Automatic hydraulic tube bending machine. M.C. type 350 1053
Automatic lathes. Tool pre-setting for Decomat 394
Automatic lathe. Manurhin Axomat 50 programme-controlled 822
Automatic loading of rubber rollers on a cylindrical grinder 274
Automatic machine for marking nozzles for gas burners. Funditor .. 876
Automatic machine for winding layer coils. Eubanks 337
Automatic machining system for crown wheels. Vaun 60
Automatic measuring system. Bendix Sheffield CNC Cordax .. 188, 240
Automatic multi-station rotary marking machines. Pryor 339
Automatic operation of machines by air-hydraulic units 322
Automatic Production Techniques, Ltd.:
Optical projector for inspecting turbine blades 1060
Automatic programming for NC lathes with EXAPT 2 215
Automatic programming for NC lathes with EXAPT 2. VDF demonstration of 661
Automatic programming for NC machine tools. Czechoslovak approach to 581
Automatic. Prontor-Werk Alfred Gauthier type GM 127-4 sliding-headstock 820

Page

Automatic rotor die casting machines. Corpet Louvet 396
Automatic. Russian-built type IK282 8-spindle vertical 784
Automatic, Schutte type ADH 160 multi-spindle, set up for the production of alloy steel gear blanks 369
Automatic stator winding machine. Possis type PAW-15A 751
"Automatic" 360° Profiler copy milling system. Mimik 747
Automatic tool changing equipment. Heid type DFM-NCC 1000 chucking lathe with 590
Automatic tool changing. Webster & Bennett Vertical turning and boring machine with 647
Automatic turning and thread-chasing machine. Ebosa 10
Automatic turret lathe, Gildemeister type RN 63-315/SE/S3, with Siemens adaptive control and Sinumerik 320 NC equipment 223
Automatic turret lathe. WMW DAR 40 745
Automatic unloading on a Vaughan-Associates transfer machine .. 212
Automatic washing, degreasing and drying machine. Sturtevant 633
Automatic work storage system .. 523
Automatic work storage system. King-Triax 87
Automatics. Brown & Sharpe No. OOB and OOC single-spindle, Design improvements in 301
Automatics. Conference on problems associated with 434
Automatically demagnetizing work on magnetic chucks. Equipment for 514
Automatically grinding end mills. Equipment for 472
Automatically washing roller bearings. Installation for 538
Automation application of Broom Wade drill units. Low-cost 368
Automation at the works of Bellows-Valvair Low-cost 322, 460
Automation, Ltd. 12, 337, 421, 751
Automotive Products Group:
Installation of laminar down-flow clean room 432
Autoprogrammer unit. VDF 312
Avco Bay State Abrasives Divn.:
Abrasive machining of tensile test pieces 657
Avdel, Ltd.:
Cherry Drive high-clench rivet .. 669
Avery, W. & T., Ltd. 300
Axle cases. Thompson double-ended friction welder for 972
Axle housings, tubular, Installation of G.F.M. automatic forging plant at Tubes Ltd. for the production of .. 734
Axomat 50 programme-controlled automatic lathe. Manurhin 822
Aylesbury Automation, Ltd.:
Vibration parts feeder 1076
Azdel sheet. Glass-reinforced thermoplastics part formed from 565

B

B & G Hydraulics, Ltd.:
Bandagee-2 hydraulic solenoid valves 695
Type BGCR pump/motor units .. 549
B & R Relays, Ltd.:
Plug-in timers for relays 985
BICC Cables used in Superprofiler E.S.144 NC profile milling machines .. 279
BISRA Electro-Slag Refining Technology:
Use of a plasma torch in electro-slag refining 287
BOC omni-directional tractor for flame-cutting large plates 618

Page

B.P. Energol GRS 260 synthetic gear lubricant 914
BP Energol QA55 and QA60 accelerated quench oils 674
BP Plastics Cellobond dough moulding compound for machine tool components 949
B.P.S. Machinery & Spares Co., Ltd. 82, 373, 382, 482, 541, 659
B.R.B. Precision Engineers, Ltd.: Overhead tool slide attachment for a capstan lathe 1038
BSA Sintered Components, Ltd.: Sintered parts for the Maxi car .. 692
Badelex, Ltd.: Linear and rotary indexing chassis for building up automatic assembly machines 831
Badge reader. Ferranti data scan .. 1031
Badge readers. Sealectro data card and 1019
Baigent & Bird, Ltd.: Cutting stainless steel with plasma arc 73
Balancer. Type IRD 340 vibration analyser/ dynamic 658
Balancing fully-assembled car engines. Schenck machine for 300
Baldwin Fluid Power, Ltd.: Push-button valve operator .. 696
Ball bushings. INA 390
Ball bushings, New Spiro 552
Ball-screws with vernier adjustment for preload. Rotax standard 699
Balling unit. scrap, Joshua Bigwood 447
Bamkin, J.W., & Co., Ltd.: Single-ended air-operated threading machine after 2½ years of uninterrupted service 199
Bandgee-2 hydraulic solenoid valves 695
Bandsawing machine. Japanese-built Amada type 300 908
Bandsawing machine. Qualters & Smith type QSB 7A. Sawmaster 626
Bandsawing machine. Rusch type AS 300 high-speed horizontal 56
Bandsawing machine. Startrite-Metora type VMB 250 automatic horizontal 427
Bandsawing machine. Trennjaeger M.G. Swiftcut horizontal 712
Bandsawing machine. Wespa type 260A automatic horizontal 58
Bar automatic. Herbert-BSA Batchmatic 50 NC, Set-up on 172
Bar feeding. Production increases obtained with automatic 992
Bar grinding developments. Lidkoping high-speed centreless 102
Bar stock. Milling small components in multiples from 672
Bar straightening and polishing machine. Bronx roll-type 742
Barclay, Gordon H., (Manufacturing) Ltd.: Arc-generating attachment for milling machines and lathes 491
Barker Machine Tools & Equipment, Ltd. 1013, 1018
Barnes Engineering Co.: Scanning infra-red camera .. 982
Barr & Stroud, Ltd.: Benefits obtained from the use of an Edlund-Matic 2NL machining centre 824
Barrel finishing machine. Vanco C.S. 60.T 1006
Barrow, G.: Contact resistance methods of hot machining 740
Barton, H.K.: Mechanizing insert location for automatic die casting .. .. .351, 506
Basile, Ugo: Four-channel programme timer .. 63
Baskets. wire, British Federal machine for making 415
Batch production. Automated work progress system for 522
Batch production of machine tool components. "Machining lines" for 45

Page

Batch production, Small, on a Hydra-point Bridgeport NC milling machine. .. 672
Batch production. The cell system of machine grouping for 922
Batch production. The Serck Audco cell system of 1002
Batchmatic 50 NC bar automatic. Set-up on Herbert-BSA 172
Bath M.: The use of pneumatic proximity gauges for control of turned diameters .. 1054
Baths, Techne fluidised, for temperature testing 128
Batric, Ltd.: Low-voltage portable tools for use with truck power unit 648
Battery casings, Producing small lead/ antimony inserts for, on a Kippcaster automated die casting machine .. 865
Beams, Production of structural, by high-frequency welding 632
Beardow, J.E.: Investment in machine tools .. 93
Bearing. A new type of linear roller 655
Bearing. Differential rotary 390
Bearing location in cast magnesium support member for a racing car. Set-up on Bridgeport turret mill for producing 154
Bearing material. New Tufnol dry .. 646
Bearing production, Multi-national company for, to be formed by SKF .. 997
Bearings, Ball and roller, with plastics races 807
Bearings, INA cam follower, with UNF threads 698
Bearings, The design of plane hydrostatic, for machine tool slideways .. 242
Bearings. Unground ball and roller 671
Bearings. washing roller, Installation for automatically 538
Bearings. Wear indicator for thrust 128
Bedford, James, & Co. (Halifax) Ltd.: Ele-Raffe mobile hoist 151
Behrens, H. 819
Bellows Valvair, Ltd.: Cylinder and valve unit for receiving signals from fluid logic system .. 987
Low-cost automation .. .322, 460
10-in. rotary feed table 943
Bendata tube configuration measuring system. Pines 1051
Bending machine, Hugh Smith 1200-ton vertical plate, installed at Wm. Neill & Son 797
Bending machines. Ste-Co Products type SBM section 744
Bending process. ram, Production of hydraulic tube fitting elbows by the 397
Bendix Automotive & Automation Co., Automation and Measurement Divn. (See Bendix Corporation)
Bendix Corporation: Free-Flex pivots 389
NC equipment to be marketed in the U.K. 877
Automation and Measurement Divn.: Automatic gauging unit with fluidic controls 1027
Gauge with laser interferometer transducer 544
Laser beam probe 979
Position read-out system for Sheffield Micro-Form grinders 726
Sheffield CNC Cordax automatic measuring system 188, 240
Sheffield Cordax 3-axis NC co-ordinate inspection machine 978
Sheffield Measuray X-ray gauge for tube wall thickness 567
Sine table for use with Cordax measuring machine 714
Benrath Machine Tools, Ltd. 591

Page

Berg & Co. G.m.b.H.: Electro-mechanical actuators for clamping and positioning 1022
Berggiesshubel type DBF 315 by 500 precision turning and boring machine 1017
Berry Smith, Ltd.: Lesney try-out press 339
Besco-Autofold type 100/125 automatic folding machine 35
Best, E.A. & Co. 671
Beta 30 inspection machine. DEA .. 255
Betts & Co., Ltd.: Installation of Luminous Wall oven for annealing aluminium tubes .. 774
Bi-metal components. High-strength 696
Biax oil groove cutting machine .. 356
Bidwell, H.T.: Machining investment castings .. 573
Biglia hydraulic second-operation lathes 940
Bigwood, Joshua, & Son Ltd.: Flying die shears 539
Scrap balling unit 447
Bijlenga, N.V. Machinefabriek .. 928
Billets. Hamworthy rapid heating machine for small 427
Binks-Bullows, Ltd.: New airless spray units 857
Birfeed automatic bar feed magazines. Increased production with the use of 992
Blacking solutions for metals. Koldblak 51
Blanking press installation at the works of Mycroshims. Essa fine 71
Blazynski, T.Z.: Free-implosive forming of Roots-blower impellers 655
Blohm, Robert: Type 525 Perfekt surface grinder 302
Type 204 surface grinder 592
Blow-feed semi-automatic screwdriver. Churchill 833
Blow-torch. Firecrest miniature .. 946
Bobbins. Plastics moulded coil .. 179
Bodine Corporation, U.S.A. 828
Bodmer noiseless riveting machines and heads 834
Bodmer riveting machine developments 464
Body shells, Assembling, for the Austin Maxi car 962
Boley & Leinen: Lero 26 precision turret lathe .. 896
Multitype JB/R programme-controlled capstan lathe 1016
Bonding together sheet aluminium components for the Concorde using Klingfast self-adhesive aluminium foil tape 651
Boneham & Turner, Ltd: Fine-boring spindle with micro-step tool adjustment 775
Booth, James, Aluminium, Ltd.: The widening field of application for aluminium extrusions 362
Booth, John, & Sons (Bolton) Ltd.: Large dished end produced by fabrication 105
Borazon abrasive. Results of tests with 859
Borazon cubic boron nitride 146
Borchardt, F.A., (Machinery & Plant) Ltd. 734
Boring and facing machine, Special-purpose, incorporating Bridgeport heads 969
Boring and milling machine, Ceramic type 100L floor type NC 820
Boring and milling machine. Rambaudi type FV 4 vertical 1028
Boring and surfacing head. Olivetti Versibore 664
Boring and turning machine. East German type 315 by 500 precision 1017
Boring and turning machine. Morando type VN 12 NC vertical 371
Boring and turning mill. Large Schiess vertical 449
Boring and turning mill, Set-up on a Froriep NC vertical, at the works of Universal Fisher Engineering .. 252

Page

Boring and turning mill, Table of very large, being installed in turbine bay of Skoda Works 156
Boring attachment. Special taper .. 976
Boring bars. Koyemann presetter for 425
Boring head, Olivetti Multibore adjustable, for operation on machining centres 663
Boring machine. Application of Indicon-R position indicating equipment to a horizontal 296
Boring machine. Ceruti Cerutimatic NC horizontal 502
Boring machine, Giddings & Lewis-Fraser type 70a-E horizontal NC, for heavy-duty machining operations 948
Boring machine, Giddings & Lewis-Fraser 70a-E NC, installed at Wilson & Longbottom 234
Boring machine, Heald 6-spindle fine, with a rotary indexing work table .. 1037
Boring machine. Union type BFT 90/2 horizontal 907
Boring spindle, B & T fine-, with micro-step tool adjustment 775
Boring, Tooling for, on NC machine tools 321
Boron nitride, Borazon cubic 146
Bowl feeders. Churchill Vibron pneumatically operated 263
Bowles Engineering Corpn.:
Micro-Modular Fluidics system .. 987
Brake discs. Hegenscheidt type 7795 roller finishing machine for motor vehicle 895
Brazing equipment, Multiple, incorporating 12 gas jets 715
Brehm machines. Tube cutting service on 112
Brewer, C.E., (Metalcraft) Ltd. (See Brewer Rapid Riveting Systems)
Brewer Rapid Riveting Systems:
Type P18/C6 air-operated riveting machine 711, 919
Bridgeport heads, Application of A & S-, to special-purpose machines .. 969
Bridgeport milling machine with Moog Hydra-Point NC system. Small batch production on a 672
Bridgeport turret mill set up for producing a bearing location in a cast magnesium support member for a racing car 154
Briney Bushing Inc.:
Twist drilling or gun drilling? .. 1020
British Aircraft Corporation Ltd.:
Use of Klingfast self-adhesive aluminium foil tape for bonding aircraft components together 651
Filton Divn.:
NC machining of Concorde components 282
British Aluminium Co., Ltd.:
Development of the rolling mills at Falkirk 271
British Association of Machine Tool Merchants annual general meeting and luncheon 957
British European Airways.:
Installation of Feedback data collection system 613
British Federal Welder & Machine Co., Ltd.:
Machine for making wire baskets 415
British Iron and Steel Research Association:
Electro-Slag Refining Technology:
Use of a plasma torch in electro-slag refining 287
British Lead Mills, Ltd.:
Use of lead as a declerator .. 63
British Leyland Motors, Ltd.:
Sintered parts for the Maxi car .. 692
Pressed Steel Fisher Divn.:
Assembling body shells for the Austin Maxi car 962
British Non-Ferrous Metals Research Association:
Rationalization and control of die casting cycle variables 709
British Olivetti, Ltd, Numerical Control Divn.: 663

Page

British Oxygen Co., Ltd.:
Falcon plasma arc machine for cutting stainless steel 73
Omni-directional tractor for flame-cutting large plates 618
Omni-directional tractor system incorporated in Reyrolle handling equipment 947
Plate cutting arrangements using optical projection 619
British Standards Institution:
Metrication Conference 637
British Steel Corporation:
Midland Group, Special Steel Products Divn.:
Electroslag welding of large platens 808
Equipment developed for in-process measurement of machined diameters 1034
British Thornton Ltd.:
Adjustable triangle 741
Broaching machine. Eaves & Washbourne Odin 5·28 hydraulic vertical .. 109
Broaching machine. Forst 10-ton capacity vertical 175
Broaching machine. Lapointe 2-way electro-mechanical 118
Broaching machine. Marico hydraulic press and 20
Bronx Engineering Co., Ltd.:
Fully-automatic cut-to-length line and other exhibits at International Sheet Metal Exhibition 24
Roll-type bar straightening and polishing machine 742
Brook Motors, Ltd.:
Developments in die casting .. 866
Brookman, Ltd.:
Rapid construction of multi-head drilling machine 358
Broom & Wade, Ltd.:
Equipment for automatic bush insertion 357
Drill units incorporated in low-cost automation system 368

Warehouse. Unmanned 956
Warsaw Technical University:
Molecular laser equipment .. 748
Washing, degreasing and drying machine. Sturtevant automatic 633
Washing roller bearings. Installation for automatically 538
Water displacing and corrosion preventative fluid. Ardrox 3961 726
Waterloo University, Canada:
Optimization of cutting conditions for milling by a digital computer program 753
Watford Electric Co., Ltd.:
Switchgear and some problems associated with metrication .. 288
Watts, Charles, & Sons, Ltd.:
200-ton horizontal ram hydraulic press 110
Watts Microptic levels. New range of 458
Watts, William, Ltd.:
Machine tool exhibition 906
Wavis Engineering, Ltd.:
Facematic facing and centring machine 336
Wavis Engineering Development Co., Ltd.:
Starmatic "standard" rotary transfer machine 742
Wear indicator for thrust bearings .. 128

Page

Webster & Bennett, Ltd.:
Machine for elliptical contour turning operations 209
Vertical turning and boring machine with auto tool change 647
Weighing and counting system. Howe Richardson 542
Welbourn, D.B., M.A., C. Eng., F.I.Mech.E., F.I.E.E.:
Cambridge University helps machine tool design 649
Spur gear shaping forces 936
Weld-fabricated main machine frame machined at one set-up on Huron travelling-column horizontal-spindle machine 492
Welded tube mills installed by Tube Products. New 750
Welder. Caterpillar inertia type friction 1015
Welder. Wentgate type BW electron beam 1015
Welding aluminium to steel. Use of transition inserts for 153
Welding equipment, Kerry Insertatron ultrasonic, for threaded inserts .. 834
Welding gun, A.R.O., fitted to Versatran industrial robot set up for welding parts for electric cookers 833
Welding gun. A.R.O. type F 225 portable spot 751
Welding. high-frequency, Production of structural beams by 632
Welding machine for axle cases. Thompson double-ended friction 972
Welding machine incorporating Greer-Mercier hydro-pneumatic accumulator. Rowland 436
Welding machine, Meritus type A.S.30.A.2 air-operated spot/stitch, and other welders shown at International Sheet Metal Exhibition .. 30
Welding machine, Portable Welders spot, with a trolley-mounted gun 827
Welding machines. Landis Machine-Maiden EMH range of 33
Welding machines. Russian semi-automatic gas-shielded 251
Welding of large platens. Electroslag 808
Welding process. Two-stage projection-fusion powder alloy 395
Welding rotator. Max Arc R-11 .. 1012
Welding station of an automated installation. Thermatool high-frequency 407
Welding torch. Water cooled oxy-acetylene powder alloy 768
Welding transformer. Oerlikon ac to dc converter for use with 555
Wells, A., & Co., Ltd.:
Equiflex vibration isolators .. 73
Welwyn Tool Co., Ltd. 291
Wendt type WAE 200 machine for electrolytic grinding of tungsten-carbide throw-away tips 503
Wentgate Engineers, Ltd.:
Type BW electron beam welder .. 1015
Wespa type 260A automatic horizontal bandsawing machine 58
West German machine tool market. Potentialities of the 961
Westinghouse Brake & Signal Co., Ltd.:
Economical painting of small components 1059
Westinghouse & Large Rotating Apparatus Divn.:
Savings obtained with a large machining centre 21
Weston Williams, Ltd.:
Automatic chucking lathe 943
Wet scaife technique in the production of diamond tools 164
Wheel dressing for electrochemical form grinding 700
Wheels. crown, Vaun automatic machining system for 60

Page

Wheels. Kendia "metric" range of resin bonded diamond 1077
Wheels. resin-bonded abrasive, How coolants affect the performance of 812
Wheels. spoked, Automated assembly of 535
Wheeled Systems, Ltd.:
Tool cribs with automatic selection signals 1058
White, Thomas, & Sons, Ltd.:
Edge profiler 628
Whitney, W.A., Corpn., U.S.A.:
Hydraulic "fabricator" 343
Type 315 template-controlled duplicator 426
Whitney, W.A., Ltd. 343, 426
Whittaker Corporation:
Nuclear Metals Divn.:
High-strength bi-metal components 696
Whitwell Electronic Developments, Ltd.:
System for accurate angular measurement 23
Wick. desoldering, Soder Wick dry 783
Wickman Lang, Ltd.:
New Electrofeed heavy-duty centre lathes 1011
New heavy-duty centre lathes .. 476
Wickman, Ltd.:
First British-built Yoder machine 413
Investment in machine tools .. 93
Wickman Machine Tool Sales, Ltd.:
Standard automatic assembly units 294
See also 55, 172, 741, 1052
Wickman Wimet, Ltd. 1053
Wiedemann Wiedematic S15.28 NC turret punch press 189
Wiest platen-type rotary transfer machine 82
Wilkerson Corporation:
Dial-Air pressure controllers .. 548
Williams, T., (Drop Forgings & Tools), Ltd.:
New range of ring spanners .. 355
Wills, R. J.:
NC metal cutting systems for future industrial needs 755
Wilmot Breeden, Ltd.:
Numerical Control Dept.:
Using NC effectively for one-off and prototype work 184
Wilson & Longbottom:
Installation of Giddings & Lewis-Fraser 70a-E N/C borer for operations on loom frame castings 234
Winding layer coils. Eubanks automatic machine for 337
Winding machine. Possis type PAW-15A automatic stator 751
Winning, D.S.:
The use of pneumatic proximity gauges for control of turned diameters .. 1054
Wire baskets. British Federal machine for making 415
Wolf Electric Tools, Ltd.:
All-insulated electric drills .. 112
Women's Engineering Society:
Film: The engineer is a woman 7E Oct. 8
Work-handling arrangements on Forst 10-ton vertical broaching machine 176
Work-handling equipment on Lidkopings type ASR-200 programme-controlled turret lathe. Automatic 176
Work-handling facilities. Schaerer type HK 300 copying lathe with automatic 375
Work-handling system on Schutte type ADH 160 multi-spindle automatic. Automatic 369
Work-handling unit on Erfurt transverse roll forging machine 268
Work-head drives on a crankshaft grinder. Chain-type 550
Work-holding. Vetron Vetro Dex indexing fixture for 713
Work progress system for batch production. Automated 522
Work quality. Some effects of high-speed grinding on 1

Page

Work storage system. Automatic .. 523
Work table. Pinder type W.4 instrument 899
Workmaster, Ltd. 1062
Workshop, Air-conditioned, for high-precision operations 530
Worm speed reduction unit. Roller 456
Wyman-Gordon Co.:
Abrasive machining of tensile test pieces 657

X

X-ray equipment for internal examination of enclosed miniature assemblies. Russian-built 786
X-ray gauge for tube wall thickness. Bendix 567

Y

Yoder Co.:
First British-built Yoder machine 413

Z

Zeiss, Carl, Jena:
Measuring instruments shown at Leipzig Fair 614
Zeleny, J.:
Servostatic guideways – a new type of hydraulically-operated guideway for machine tools 738
Zeulenroda type ECFEg 1000 electro-chemical deburring equipment .. 286
Zinc-Cote cold application zinc coating in aerosol containers 87
Zocca type RA-CN 1000/6 NC cylindrical grinder 226
Zoomatic air-hydraulic intensifier. Spencer Franklin 627
